# neue fische
TalentApp

TalentApp

- Connects you to our partner network

- Partner-companies can find and contact students

- Search tool for Partnermanager at neue fische, to match you to open jobs

Start

Week 1:
- open e-mail invitation and log in as soon as possible (invitation password only working 24h)
- add information about you, CV stuff!
- add job preferences
- add skills (skills until today and new skills from bootcamp)

Week 11:
- by the end of bootcamp, add capstone information!
    → your certificate will be generated from that data

Fill out

Career
(add latest and relevant working experience)

the more experience, the better!
related Jobs
related Studies
-> proof of skills

info
set location and motivation

add location

Video: Short "klick through" of a company searching

FAQ

I forgot my password   -   reset your password in the log-in-section
My password is invalid   -   message student-service to get a re-invite
It's not possibleto edit   -   use the edit pen on the up right
It's not possible to add skills   -   try enter after each writing
Should I add my whole CV?   -   most important jobs and studies are enough

What does it need to be
able to get my certificate?   -   fill out every field in "Capstone" on time and save!

Other problems occur?   -   please ask your Coachteam!
